Unknown Subject advised that he has not witnessed such public demonstration of ignorance, hatred or rudeness in his entire life. He states that these people believe they are Americans and against Communism, but they go about using the same totalitarian methods that the Communists do. The source advised that Unknown Subject opined that such a demonstration against an organization such as the Civil Liberties Union, which organization is sound, enlightened and constantly probing for constructive legislation against the HCUA in order to abolish it, was rather hard to take.

On the basis of what Unknown Subject had seen in this meeting, he now believed that what KARL MARX predicted economically was wrong, but psychologically was taking place. The source advised that Unknown Subject now views MARX as a "shrewd" man.
